

Annual Consent for Automatic Prescription Refills Begins September 1

Beginning 01 September 2017, Express Scripts will need annual consent from patients who want to receive automatic refills of their maintenance medications enrolled in TRICARE Pharmacy Home Delivery. This means that just before one of your prescriptions runs out of refills, Express Scripts will reach out to you to know if you would like your doctor to be contacted to renew the prescription and if you'd like to continue in the Automatic Refill program.
