## OUR STORY.

Why we do what we do.

Founded by sports analyst Mike Pereira in 2016, Battlefields to Ballfields is a foundation that provides U.S. armed forces veterans with a scholarship to become a referee for the sport of their choosing. This opportunity comes at no cost to each veteran. Battlefields to Ballfields provides each individual with everything they need to succeed: equipment, training, uniform, insurance and mentoring. The average cost of getting a vet “field ready” is approximately \$1,500.

The mission of Battlefields to Ballfields is to assist veterans, men and women accustomed to being on a mission-focused team, who may be facing a difficult time returning to civilian life by giving them a new team to be part of on the field.

## OUR SUCCESS STORIES.

What people are saying about us.

*“There’s a brotherhood that’s there, and when you’re separated from that, you miss that. This is an unreal situation for me to be in. I would never imagine that I would get into officiating...”*

### **Thomas Harris**

U.S. Navy, Sonar Technician  
High School Football Referee and  
first graduate of Battlefields to Ballfields

.....

*“Our nations Military Veterans need to feel welcomed back into their chosen communities and have a sense of contributing...there is a shortage of youth sports officials everywhere. The B2B Foundation is a win-win for everyone!”*

*Jimmy DeBell Former NFL Offiical and B2B WNY  
Facilitator*

## MIKE PEREIRA

*Founder*

### BATTLEFIELDS TO BALLFIELDS

Mike Pereira has been involved in football officiating since 1971. He spent 14 years as an NCAA Division 1 football official and joined the ranks of the NFL as a sideline judge in 1996. After two years, Mike was promoted to NFL Supervisor of Officiating and in 2001 became Director of Officiating for the NFL. In 2004, he was promoted to Vice President of NFL Officiating.

Since retiring from the NFL after the 2009 season, Mike has been the “go-to” guy for Fox Sports as an NFL and college football rules analyst where he monitors games and provides viewers with insights into plays and calls that warrant a rules interpretation or explanation.

Mike believes the transition from vets to refs is a natural one; “These men and women (veterans) have been part of a team before, and they’re disciplined, and they have those types of characteristics you need for officiating. I think it’s going to be great for them and great for officiating.”
